

2nd ANNUAL CONFERENCE

**INDIAN SOCIETY OF
NEURO-ONCOLOGY**

2 – 4 April 2010

RADISSON TEMPLE BAY BEACH RESORT, CHENNAI

2nd ANNUAL CONFERENCE

ISNOCON 2010 2 – 4 APRIL 2010

CHENNAI

Dear Colleagues

Season's Greetings.

April 2009 saw the Inaugural conference of the Society organised at a grand scale at New Delhi. The conference saw the coming together of all specialties interacting on a common platform --- with a common goal – to try and improve the management and quality of life of patients with oncological diseases of the nervous system.

It is now time for us to meet again, consolidate and take our Society and its aims forwards.

The Second Annual Conference of the Indian Society of Neuro-oncology is being organised at Chennai between 2nd and 4th April 2010.

The Main Themes for the conference are : “**Brain Stem Gliomas**” and “**Spinal tumours**“. Both pathologies present problems in management and there is no ‘quick fix’ solution as yet.

A **Panel discussion** is also planned – to discuss problem cases and see how experts in the field would handle a particular patient. Active audience participation will ensure that we reach at some sort of consensus for most problems.

The Faculty expected will provide us with rare insights into their respective fields of expertise, and provide us with the opportunity to interact with leaders in the field.

Finally , on behalf of the organising committee and the executive committee of ISNO, I welcome all of you to come to the conference with your family. The venue of the conference is the Radisson Temple Bay Beach Resort, a world standard beach resort located on the outskirts of Mahabalipuram,. I am sure that all of us will enjoy the locale and get rejuvenated before we return to our respective places of work.

Looking forwards to welcoming you at Chennai for a Social and Academic Feast

K. SRIDHAR
